SUMMARY

Skilled full-stack web developer with expertise in the MERN stack (MongoDB, Express.js, React, Node.js), and proficiency in version control systems, C++, and C. understanding of data structures and algorithms, with a focus on creating scalable, efficient, and user-friendly responsive web applications.

SKILLS

- **Web Development:** Full-Stack Web Development, Responsive Web Design, UI/UX Development, Figma
- **Frontend Technologies:** HTML, CSS, Tailwind CSS, Bootstrap, React.js, JavaScript
- **Backend Technologies:** Node.js, Express.js
- **Database:** MongoDB, Sql, MySql
- **Programming Languages:** C++, C
- **Version Control:** Git, GitHub
- **Other Tools & Frameworks**: MERN Stack, RESTful APIs, Redux, Web Development Best Practices
- **Soft Skills:** Excellent communication, collaboration, problem-solving, time management, adaptability, leadership, emotional intelligence, creativity, and networking abilities.

PROJECTS

GetMyService :   **[27 March 2025]**

- Developed a full-stack MERN application that supports two user roles — Customer and Service Provider (e.g., electricians, drivers) — allowing service providers to register and manage profiles, and users to discover and contact them.
- Integrated real-time chat using Socket.IO, enabling instant communication between users and service providers with live message updates, enhancing user engagement.
- Built secure authentication and role-based access control using JWT and bcrypt, ensuring data privacy and differentiated access for both user types.
- Designed a responsive UI with React.js and Material-UI, implemented RESTful APIs with Node.js and Express.js, and managed dynamic data using MongoDB with Mongoose.

Password Manager :   **[1 March 2025]**

- Developed a secure Password Manager web application using MongoDB, Express.js, React.js, and Node.js, allowing users to store, view, edit, and delete their passwords in an encrypted format.
- Implemented a responsive UI with Tailwind CSS, ensuring seamless usability across devices, added authentication (JWT) to restrict access to authorized users only.

CERTIFICATIONS

- **Tailwind CSS Bootcamp –** Let'sUpgrade │ Focused on responsive design with utility-first CSS.
- **JavaScript Bootcamp –** Let'sUpgrade │ Learned JavaScript fundamentals, ES6, and DOM manipulation.

EDUCATION

- Pursuing a BCA degree from IFTM University Lodhipur Moradabad, focusing on web development .   **[2023-Present]**
- Completed 12th (Intermediate) from the UP Board, with a strong academic foundation in core subjects.   **[2022-2023]**
